# 5-Methylcytosine / 5-mC antibody [5MC-CD] (FITC)

# Cat. No. GTX00845

| Host        | Mouse               | <mark>Package</mark><br>50 μg |
|-------------|---------------------|-------------------------------|
| Clonality   | Monoclonal          | 10                            |
| lsotype     | IgM                 |                               |
| Application | ICC/IF, Dot         |                               |
| Reactivity  | Species independent |                               |

### APPLICATION

#### **Application Note**

\*Optimal dilutions/concentrations should be determined by the researcher.

| Suggested dilution | Recommended dilution |
|--------------------|----------------------|
| ICC/IF             | 1:50-1:100           |
| Dot                | ~1:1000              |

Not tested in other applications.

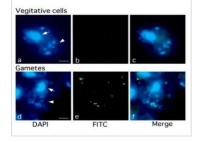

| PROPERTIES    |  |  |
|---------------|--|--|
| Form          | Liquid   |  |
| Buffer        | Filter-sterilized PBS, 50% Glycerol  |  |
| Preservative  | No preservative  |  |
| Storage       | Store as concentrated solution. Centrifuge briefly prior to opening vial. For short-term storage (1-2 weeks), store at 4°C. For long-term storage, aliquot and store at -20°C or below. Avoid multiple freeze-thaw cycles. |  |
| Concentration | 1 mg/ml (Please refer to the vial label for the specific concentration.)   |  |
| Immunogen     | 5-Methylcytosine conjugated to bovine serum albumin  |  |
| Purification  | Purified IgM   |  |
| Conjugation   | Fluorescein isothiocyanate (FITC)  |  |
| Note          | For laboratory research use only. Not for any clinical, therapeutic, or diagnostic use in humans or animals. Not for animal or human consumption.  |  |
|               | Purchasers shall not, and agree not to enable third parties to, analyze, copy, reverse engineer or otherwise attempt to determine the structure or sequence of the product.  |  |
