

# beta Galactosidase protein

**Cat. No. GTX04676-pro**

|                |         |
|----------------|---------|
| <b>Species</b> | E. coli |
|----------------|---------|

|                        |
|------------------------|
| <b>Package</b><br>1 mg |
|------------------------|

## Properties

|             |        |
|-------------|--------|
| <b>Form</b> | Liquid |
|-------------|--------|

|               |                                       |
|---------------|---------------------------------------|
| <b>Buffer</b> | 50mM Potassium Phosphate, 10% Sucrose |
|---------------|---------------------------------------|

|                     |                  |
|---------------------|------------------|
| <b>Preservative</b> | No preservatives |
|---------------------|------------------|

|                |               |
|----------------|---------------|
| <b>Storage</b> | Store at 4°C. |
|----------------|---------------|

|                      |                                                                          |
|----------------------|--------------------------------------------------------------------------|
| <b>Concentration</b> | 1 mg/ml (Please refer to the vial label for the specific concentration.) |
|----------------------|--------------------------------------------------------------------------|

|                        |                                        |
|------------------------|----------------------------------------|
| <b>Region/Sequence</b> | Full length E. coli Beta Galactosidase |
|------------------------|----------------------------------------|

|                          |         |
|--------------------------|---------|
| <b>Expression System</b> | E. coli |
|--------------------------|---------|

|                    |              |
|--------------------|--------------|
| <b>Conjugation</b> | Unconjugated |
|--------------------|--------------|

|             |                                                                                                                                                                                                                                                                                                                                             |
|-------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Note</b> | <p>For laboratory research use only. Not for any clinical, therapeutic, or diagnostic use in humans or animals. Not for animal or human consumption.</p> <p>Purchasers shall not, and agree not to enable third parties to, analyze, copy, reverse engineer or otherwise attempt to determine the structure or sequence of the product.</p> |
