

## ARTS antibody

Cat. No. GTX10441

|              |            |
|--------------|------------|
| Host         | Rabbit     |
| Clonality    | Polyclonal |
| Isotype      | IgG        |
| Applications | WB, IP     |
| Reactivity   | Human      |

Package

50 µl

## Applications

## Application Note

\*Optimal dilutions/concentrations should be determined by the researcher.

| Suggested dilution | Recommended dilution |
|--------------------|----------------------|
| WB                 | 1:15,000             |
| IP                 | 10µl                 |

Not tested in other applications.

Calculated MW 55 kDa. ( [Note](#) )

## Properties

|               |                                                                                                                                                                                                                            |
|---------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Form          | Liquid                                                                                                                                                                                                                     |
| Buffer        | PBS                                                                                                                                                                                                                        |
| Preservative  | 15mM Sodium azide                                                                                                                                                                                                          |
| Storage       | Store as concentrated solution. Centrifuge briefly prior to opening vial. For short-term storage (1-2 weeks), store at 4°C. For long-term storage, aliquot and store at -20°C or below. Avoid multiple freeze-thaw cycles. |
| Concentration | Batch dependent (Please refer to the vial label for the specific concentration.)                                                                                                                                           |
| Immunogen     | synthetic peptide corresponding to the C-terminal region of human ARTS (amino acids 247-266 with N-terminal added lysine) conjugated to KLH.                                                                               |
| Purification  | IgG fraction                                                                                                                                                                                                               |
| Conjugation   | Unconjugated                                                                                                                                                                                                               |
