## TNF Receptor II antibody [22221]

## Cat. No. GTX10503

| Host         | Mouse                                |
|--------------|--------------------------------------|
| Clonality    | Monoclonal                           |
| lsotype      | lgG2a                                |
| Applications | ICC/IF, FCM, Neutralizing/Inhibition |
| Reactivity   | Human                                |

Package 100 μg

## Applications

## **Application Note**

\*Optimal dilutions/concentrations should be determined by the researcher.

| Suggested dilution                | Recommended dilution |
|-----------------------------------|----------------------|
| ICC/IF                            | 8-25 μg/ml           |
| FCM                               | Assay dependent      |
| Neutralizing/Inhibition           | Assay dependent      |
| Not tested in other applications. |                      |

| Product Note | The antibody neutralizes the biological effect of recombinant human TNF RII. It does not neutralize or cross-react with TNF |
|--------------|---|
|              | RI.   |

| Properties    |  |
|---------------|--|
| Form          | Liquid   |
| Buffer        | PBS carbohydrates  |
| Preservative  | No preservative  |
| Storage       | Store as concentrated solution. Centrifuge briefly prior to opening vial. For short-term storage (1-2 weeks), store at 4°C. For long-term storage, aliquot and store at -20°C or below. Avoid multiple freeze-thaw cycles. |
| Concentration | Batch dependent (Please refer to the vial label for the specific concentration.)   |
| Immunogen     | recombinant human tumor necrosis factor receptor II, expressed in Escherichia coli.  |
| Purification  | Purified immunoglobulin  |
| Conjugation   | Unconjugated   |
| Note          | For laboratory research use only. Not for any clinical, therapeutic, or diagnostic use in humans or animals. Not for animal or human consumption.  |
|               | Purchasers shall not, and agree not to enable third parties to, analyze, copy, reverse engineer or otherwise attempt to determine the structure or sequence of the product.  |
