

## MMP19 antibody

## Cat. No. GTx11631

|              |                    |
|--------------|--------------------|
| Host         | Rabbit             |
| Clonality    | Polyclonal         |
| Isotype      | IgG                |
| Applications | WB, IP, ELISA, IHC |
| Reactivity   | Human              |

Package  
50 µg

## Applications

## Application Note

\*Optimal dilutions/concentrations should be determined by the researcher.

| Suggested dilution | Recommended dilution |
|--------------------|----------------------|
| WB                 | Assay dependent      |
| IP                 | Assay dependent      |
| ELISA              | Assay dependent      |
| IHC                | Assay dependent      |

Not tested in other applications.

Calculated MW 57 kDa. ( [Note](#) )

Product Note Reacts with reduced and non-reduced MMP-19. Recognizes the pro-form and most active forms of MMP-19. The hemopexin domain is cleaved from the smallest active form of MMP-19 and the antibody does not detect this form.

## Properties

|               |  |
|---------------|--|
| Form          | Liquid   |
| Buffer        | PBS, 50% Glycerol  |
| Preservative  | 0.1% Sodium azide  |
| Storage       | Store as concentrated solution. Centrifuge briefly prior to opening vial. Store at 4°C. DO NOT FREEZE. |
| Concentration | ~1 mg/ml (Please refer to the vial label for the specific concentration.)                              |
| Immunogen     | Synthetic peptide (Human) (C terminal).  |
| Purification  | Purified by affinity chromatography  |
| Conjugation   | Unconjugated   |
