

CIDE A antibody

Cat. No. GTX25692

Host	Rabbit
Clonality	Polyclonal
Isotype	IgG
Applications	WB, IHC-P, ELISA
Reactivity	Human

Package
100 µg

Applications

Application Note

*Optimal dilutions/concentrations should be determined by the researcher.

Suggested dilution	Recommended dilution
WB	0.5µg/ml
IHC-P	Assay dependent
ELISA	Assay dependent

Not tested in other applications.

Calculated MW 25 kDa. ([Note](#))**Product Note** This antibody recognizes human CIDE-A (23kDa) and does not cross-react with CIDE-B.

Properties

Form	Liquid
Buffer	PBS
Preservative	0.02% Sodium azide
Storage	Store as concentrated solution. Centrifuge briefly prior to opening vial. For short-term storage (1-2 weeks), store at 4°C. For long-term storage, aliquot and store at -20°C or below. Avoid multiple freeze-thaw cycles.
Concentration	Batch dependent (Please refer to the vial label for the specific concentration.)
Immunogen	Peptide corresponding to aa 200-217 of human CIDE-A (accession no. AF041378)
Purification	Purified by affinity chromatography
Conjugation	Unconjugated
