

# Leptin antibody [9C10]

**Cat. No. GTX26059**

|                     |            |
|---------------------|------------|
| <b>Host</b>         | Mouse      |
| <b>Clonality</b>    | Monoclonal |
| <b>Isotype</b>      | IgG1       |
| <b>Applications</b> | ELISA      |
| <b>Reactivity</b>   | Human      |

**Package**  
100 µg

## Applications

### Application Note

\*Optimal dilutions/concentrations should be determined by the researcher.

| Suggested dilution | Recommended dilution |
|--------------------|----------------------|
| ELISA              | Assay dependent      |

Not tested in other applications.

**Product Note** This antibody recognizes recombinant leptin and leptin circulating in blood.

## Properties

|                      |                                                                                         |
|----------------------|-----------------------------------------------------------------------------------------|
| <b>Form</b>          | Liquid                                                                                  |
| <b>Buffer</b>        | PBS                                                                                     |
| <b>Preservative</b>  | 0.09% Sodium azide                                                                      |
| <b>Storage</b>       | Store as concentrated solution. Centrifuge briefly prior to opening vial. Store at 4°C. |
| <b>Concentration</b> | Batch dependent (Please refer to the vial label for the specific concentration.)        |
| <b>Immunogen</b>     | Recombinant full length protein (Human).                                                |
| <b>Purification</b>  | Protein A purified                                                                      |
| <b>Conjugation</b>   | Unconjugated                                                                            |

### Note

For laboratory research use only. Not for any clinical, therapeutic, or diagnostic use in humans or animals. Not for animal or human consumption.

Purchasers shall not, and agree not to enable third parties to, analyze, copy, reverse engineer or otherwise attempt to determine the structure or sequence of the product.
