

BNIP3L antibody

Cat. No. GTX28399

Host	Rabbit
Clonality	Polyclonal
Isotype	IgG
Applications	WB, IHC-P, ELISA
Reactivity	Human

References (1) Package 100 μg

Applications

Application Note

*Optimal dilutions/concentrations should be determined by the researcher.

Suggested dilution Recommended dilution WB 1µg/ml IHC-P Assay dependent ELISA Assay dependent Not tested in other applications. Calculated MW 24 kDa. (Note) Product Note This antibody recognizes monomeric Bnip3L. Properties Form Liquid Buffer PBS Preservative 0.02% Sodium azide Storage Store as concentrated solution. Centrifuge briefly prior to opening vial. For short-term storage (1-2 weeks), store at 4°C. Folong-term storage, aliquot and store at -20°C or below. Avoid multiple freeze-thaw cycles. Concentration Batch dependent (Please refer to the vial label for the specific concentration.) Immunogen Peptide corresponding to aa 77- 92 of human Bnip3L (accession no. AF067396) This amino acid sequence is identical to that of mouse.	*Optimal dilutions/concentrations should be determined by the researcher.		
IHC-P Assay dependent ELISA Assay dependent Not tested in other applications. Calculated MW 24 kDa. (Note) Product Note This antibody recognizes monomeric Bnip3L. Properties Form Liquid Buffer PBS Preservative 0.02% Sodium azide Storage Storage as concentrated solution. Centrifuge briefly prior to opening vial. For short-term storage (1-2 weeks), store at 4°C. Folong-term storage, aliquot and store at -20°C or below. Avoid multiple freeze-thaw cycles. Concentration Batch dependent (Please refer to the vial label for the specific concentration.) Peptide corresponding to aa 77- 92 of human Bnip3L (accession no. AF067396) This amino acid sequence is identical to the specific concentration.	Suggested dilution	Recommended dilution
