

p53 (acetyl Lys373) antibody

Cat. No. GTX30768

Host	Rabbit
Clonality	Polyclonal
Isotype	IgG
Applications	WB, IP
Reactivity	Human

Package
50 µl

Applications

Application Note

*Optimal dilutions/concentrations should be determined by the researcher.

Suggested dilution	Recommended dilution
WB	1:1000-1:5000
IP	Assay dependent

Not tested in other applications.

Calculated MW 44 kDa. ([Note](#))**Product Note**

Specific for human p53 acetylated in vitro by recombinant p300, and for peptide containing acetyllysine 373 but not for the peptide containing acetyllysine 320. Modest crossreactivity for p53 acetylated in vitro by recombinant PCAF.

Properties

Form	Liquid
Buffer	Serum
Preservative	0.05% Sodium azide
Storage	Store as concentrated solution. Centrifuge briefly prior to opening vial. For short-term storage (1-2 weeks), store at 4°C. For long-term storage, aliquot and store at -20°C or below. Avoid multiple freeze-thaw cycles.
Immunogen	KLH-conjugated, synthetic peptide corresponding to aa367-379 of human p53 (SHLKSK[AcK]GQSTSR, where AcK denotes acetyllysine). The specificity was demonstrated with synthetic acetylated peptides.
Purification	Unpurified
Conjugation	Unconjugated

Note

For laboratory research use only. Not for any clinical, therapeutic, or diagnostic use in humans or animals. Not for animal or human consumption.

Purchasers shall not, and agree not to enable third parties to, analyze, copy, reverse engineer or otherwise attempt to determine the structure or sequence of the product.
