

Fluoroshield™ with Phenylenediamine

Cat. No. GTX30926

Applications	ICC/IF, IHC	Package	20 ml
--------------	-------------	---------	-------

PRODUCT

Summary	Fluoroshield™ with Phenylenediamine anti-fading medium
---------	--

Applications

Application Note

Apply 3-4 drops of mounting medium directly on top of the specimen and spread out evenly by tilting back and forth or spread evenly with a 0.2 ml plastic pipette tip making sure the tissue is not touched. Excess medium can be removed by touching the edges of the slide on a paper towel. Let stand at room temperature for about 5 minutes. Apply cover slip, carefully avoiding air bubbles.
