

## MOG antibody [MT1]

Cat. No. GTX37234

|              |               |
|--------------|---------------|
| Host         | Mouse         |
| Clonality    | Monoclonal    |
| Isotype      | IgG1          |
| Applications | WB, IP, ELISA |
| Reactivity   | Human         |

Package  
100 µg

## Applications

## Application Note

\*Optimal dilutions/concentrations should be determined by the researcher.

| Suggested dilution | Recommended dilution |
|--------------------|----------------------|
| WB                 | Assay dependent      |
| IP                 | Assay dependent      |
| ELISA              | Assay dependent      |

Not tested in other applications.

Calculated MW 28 kDa. ( [Note](#) )

## Properties

|               |                                                                                                                                                                                                                            |
|---------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Form          | Liquid                                                                                                                                                                                                                     |
| Buffer        | PBS                                                                                                                                                                                                                        |
| Preservative  | 0.09% Sodium azide                                                                                                                                                                                                         |
| Storage       | Store as concentrated solution. Centrifuge briefly prior to opening vial. For short-term storage (1-2 weeks), store at 4°C. For long-term storage, aliquot and store at -20°C or below. Avoid multiple freeze-thaw cycles. |
| Concentration | Batch dependent (Please refer to the vial label for the specific concentration.)                                                                                                                                           |
| Immunogen     | Synthetic pMOG 35-55                                                                                                                                                                                                       |
| Purification  | Purified by ion exchange chromatography                                                                                                                                                                                    |
| Conjugation   | Unconjugated                                                                                                                                                                                                               |
