

## Er-Mp58 antibody [ER-MP58]

Cat. No. GTX41262

|              |                         |
|--------------|-------------------------|
| Host         | Rat                     |
| Clonality    | Monoclonal              |
| Isotype      | IgG2a                   |
| Applications | ICC/IF, IHC-Fr, FCM, IP |
| Reactivity   | Mouse                   |

Package

25 µg

## Applications

## Application Note

\*Optimal dilutions/concentrations should be determined by the researcher.

| Suggested dilution | Recommended dilution |
|--------------------|----------------------|
| ICC/IF             | Assay dependent      |
| IHC-Fr             | 1/25-1/100           |
| FCM                | Assay dependent      |
| IP                 | Assay dependent      |

Not tested in other applications.

## Properties

|               |                                                                                                        |
|---------------|--------------------------------------------------------------------------------------------------------|
| Form          | Liquid                                                                                                 |
| Buffer        | PBS                                                                                                    |
| Preservative  | 0.09% Sodium azide                                                                                     |
| Storage       | Store as concentrated solution. Centrifuge briefly prior to opening vial. Store at 4°C. DO NOT FREEZE. |
| Concentration | 1.0 mg/ml (Please refer to the vial label for the specific concentration.)                             |
| Immunogen     | Balb/c macrophage precursor cell hybrids                                                               |
| Purification  | Protein G purified                                                                                     |
| Conjugation   | Unconjugated                                                                                           |
