

## EGF antibody

Cat. No. GTX41335

|              |                             |
|--------------|-----------------------------|
| Host         | Rabbit                      |
| Clonality    | Polyclonal                  |
| Isotype      | IgG                         |
| Applications | WB, ELISA, Functional Assay |
| Reactivity   | Rat                         |

Package  
100 µg

## Applications

## Application Note

\*Optimal dilutions/concentrations should be determined by the researcher.

| Suggested dilution | Recommended dilution |
|--------------------|----------------------|
| WB                 | 0.5-1 µg/ml          |
| ELISA              | 0.5-2 µg/ml          |
| Functional Assay   | Assay dependent      |

Not tested in other applications.

Calculated MW 124 kDa. ([Note](#))

## Properties

|               |                                                                                                                                                                                                                            |
|---------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Form          | Liquid                                                                                                                                                                                                                     |
| Buffer        | PBS                                                                                                                                                                                                                        |
| Preservative  | No preservatives                                                                                                                                                                                                           |
| Storage       | Store as concentrated solution. Centrifuge briefly prior to opening vial. For short-term storage (1-2 weeks), store at 4°C. For long-term storage, aliquot and store at -20°C or below. Avoid multiple freeze-thaw cycles. |
| Concentration | 1.0 mg/ml (Please refer to the vial label for the specific concentration.)                                                                                                                                                 |
| Immunogen     | Recombinant rat EGF                                                                                                                                                                                                        |
| Purification  | Purified by affinity chromatography                                                                                                                                                                                        |
| Conjugation   | Unconjugated                                                                                                                                                                                                               |
