## Chlamydia trachomatis LPS antibody [1312/236]

## Cat. No. GTX41702

| Host         | Mouse                 | <mark>Package</mark><br>200 μg |
|--------------|-----------------------|--------------------------------|
| Clonality    | Monoclonal            |                                |
| lsotype      | lgG1                  |                                |
| Applications | WB, ELISA             |                                |
| Reactivity   | Chlamydia trachomatis |                                |

## Applications

## **Application Note**

\*Optimal dilutions/concentrations should be determined by the researcher.

| Suggested dilution | Recommended dilution |
|--------------------|----------------------|
| WB                 | Assay dependent      |
| ELISA              | Assay dependent      |

Not tested in other applications.

| Properties    |  |  |
|---------------|--|--|
| Form          | Liquid   |  |
| Buffer        | PBS  |  |
| Preservative  | 0.09% Sodium azide   |  |
| Storage       | Store as concentrated solution. Centrifuge briefly prior to opening vial. For short-term storage (1-2 weeks), store at 4°C. For long-term storage, aliquot and store at -20°C or below. Avoid multiple freeze-thaw cycles. |  |
| Concentration | 1.0 mg/ml (Please refer to the vial label for the specific concentration.)   |  |
| Immunogen     | Native Chlamydia trachomatis LPS.  |  |
| Purification  | Protein A purified   |  |
| Conjugation   | Unconjugated   |  |
| Note          | For laboratory research use only. Not for any clinical, therapeutic, or diagnostic use in humans or animals. Not for animal or human consumption.  |  |
|               | Purchasers shall not, and agree not to enable third parties to, analyze, copy, reverse engineer or otherwise attempt to determine the structure or sequence of the product.  |  |
