

# Clostridium difficile Toxin B antibody [B426M]

**Cat. No. GTX44093**

|                     |                       |
|---------------------|-----------------------|
| <b>Host</b>         | Mouse                 |
| <b>Clonality</b>    | Monoclonal            |
| <b>Isotype</b>      | IgG1                  |
| <b>Applications</b> | ELISA, Lateral Flow   |
| <b>Reactivity</b>   | Clostridium difficile |

**Package**  
100 µg

## Applications

### Application Note

\*Optimal dilutions/concentrations should be determined by the researcher.

| Suggested dilution | Recommended dilution |
|--------------------|----------------------|
| ELISA              | Assay dependent      |
| Lateral Flow       | Assay dependent      |

Not tested in other applications.

### Product Note

Specific for Toxin B of Clostridium difficile. Does not cross-react with Toxin A.

## Properties

|                      |                                                                                         |
|----------------------|-----------------------------------------------------------------------------------------|
| <b>Form</b>          | Liquid                                                                                  |
| <b>Buffer</b>        | PBS                                                                                     |
| <b>Preservative</b>  | 0.1% Sodium azide                                                                       |
| <b>Storage</b>       | Store as concentrated solution. Centrifuge briefly prior to opening vial. Store at 4°C. |
| <b>Concentration</b> | 2.80 mg/ml (Please refer to the vial label for the specific concentration.)             |
| <b>Immunogen</b>     | C. difficile Toxin B                                                                    |
| <b>Purification</b>  | Protein A purified                                                                      |
| <b>Conjugation</b>   | Unconjugated                                                                            |

### Note

For laboratory research use only. Not for any clinical, therapeutic, or diagnostic use in humans or animals. Not for animal or human consumption.

Purchasers shall not, and agree not to enable third parties to, analyze, copy, reverse engineer or otherwise attempt to determine the structure or sequence of the product.
