

# CCL25 antibody [7N28]

**Cat. No. GTX53268**

|                     |                                     |
|---------------------|-------------------------------------|
| <b>Host</b>         | Rat                                 |
| <b>Clonality</b>    | Monoclonal                          |
| <b>Isotype</b>      | IgG2                                |
| <b>Applications</b> | WB, IHC-Fr, Neutralizing/Inhibition |
| <b>Reactivity</b>   | Mouse                               |

Package

100 µg

## Applications

### Application Note

\*Optimal dilutions/concentrations should be determined by the researcher.

| Suggested dilution      | Recommended dilution |
|-------------------------|----------------------|
| WB                      | 1:500 - 1:1000       |
| IHC-Fr                  | 1:100 - 1:300        |
| Neutralizing/Inhibition | Assay dependent      |

Not tested in other applications.

**Calculated MW** 17 kDa. ( [Note](#) )

## Properties

|                      |  |
|----------------------|--|
| <b>Form</b>          | Liquid   |
| <b>Buffer</b>        | PBS  |
| <b>Preservative</b>  | No preservative  |
| <b>Storage</b>       | Store as concentrated solution. Centrifuge briefly prior to opening vial. For short-term storage (1-2 weeks), store at 4°C. For long-term storage, aliquot and store at -20°C or below. Avoid multiple freeze-thaw cycles. |
| <b>Concentration</b> | 500 µg/ml (Please refer to the vial label for the specific concentration.)   |
| <b>Immunogen</b>     | Mouse recombinant protein CCL-25/TECK  |
| <b>Purification</b>  | Protein A/G purified<br>From tissue culture supernatant  |
| <b>Conjugation</b>   | Unconjugated   |

### Note

For laboratory research use only. Not for any clinical, therapeutic, or diagnostic use in humans or animals. Not for animal or human consumption.

Purchasers shall not, and agree not to enable third parties to, analyze, copy, reverse engineer or otherwise attempt to determine the structure or sequence of the product.
