

## MRVI1 antibody

Cat. No. GTX79238

|              |               |
|--------------|---------------|
| Host         | Rabbit        |
| Clonality    | Polyclonal    |
| Isotype      | IgG           |
| Applications | WB, ICC/IF    |
| Reactivity   | Mouse, Bovine |

Package  
100 µl

## Applications

## Application Note

\*Optimal dilutions/concentrations should be determined by the researcher.

| Suggested dilution | Recommended dilution |
|--------------------|----------------------|
| WB                 | Assay dependent      |
| ICC/IF             | Assay dependent      |

Not tested in other applications.

## Properties

|              |                                                                                                                                                                                                                            |
|--------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Form         | Liquid                                                                                                                                                                                                                     |
| Buffer       | Serum                                                                                                                                                                                                                      |
| Preservative | 0.05% Sodium azide                                                                                                                                                                                                         |
| Storage      | Store as concentrated solution. Centrifuge briefly prior to opening vial. For short-term storage (1-2 weeks), store at 4°C. For long-term storage, aliquot and store at -20°C or below. Avoid multiple freeze-thaw cycles. |
| Immunogen    | Synthetic peptide corresponding to residues 93-107 of bovine IRAG.                                                                                                                                                         |
| Purification | Unpurified                                                                                                                                                                                                                 |
| Conjugation  | Unconjugated                                                                                                                                                                                                               |
